### RISK ASSESSOR

**Join our Canadian reinsurance company and experience the passion it takes to empower and advance our mutual insurance community!**

We currently have an amazing opportunity to join one of Waterloo Region's top employers as a Risk Assessor within our Loss Control Programs Department. With this exciting position, you will have the opportunity to join a culture that prides itself on being honest, transparent, delivers on their promises and is committed to doing what is right.

*This is a remote role based in South-Western Ontario. The successful applicant will be required to travel to policy holder properties to complete on-site risk assessments at a variety of locations including residential, commercial, and agricultural properties.*

#### The Role:

Your role will involve working as a risk assessor to complete loss control risk assessments of large and complex policyholder properties.

As the successful candidate, you will:

- Perform detailed risk assessments of policyholder properties, considering the fire code, building code, electrical code or any other codes or standards that may apply
- Use of technology and tools such as tablets, laser measurers, software, and drawing programs
- Use thermal imaging technology to assess the condition of the electrical and mechanical systems
- Review the site for potential physical, environmental, and liability concerns
- Assist in responding to risk management or loss control questions from Farm Mutual managers, underwriters, loss prevention personnel, policyholders or brokers and agents
- Prepare and deliver loss control or technical training to Member Company employees or the public
- Continually keep current of new standards and codes, or new construction methods for farm buildings, commercial and residential properties

#### Your Skills and Qualifications:

- Progressive experience performing Risk Assessments or Loss Control Assessments of both farm and commercial properties
- Post-secondary education in a related field, e.g., a ticketed trade such as an electrician, carpenter, or stationary engineer or a diploma in engineering technology such as fire protection engineering
- Possess or working towards related designations, e.g., C.Tech, C.E.T, CIP, CRM, WETT
- Thorough knowledge of agribusiness, farming, and commercial operations and their related issues
- Thorough knowledge of farm and commercial construction practices

## Farm Mutual Re
